OBSERVED VISIT FORM

To help you understand your role as a pet therapy visitor, you are required to attend and observe a Pet Therapy Society **'mentored visit'** prior to attending the Pet Education Program.

Please call one of the Team Leads from the list you downloaded from your Prescreen Congratulations email to arrange a visit and have them sign this form to confirm your attendance.

We suggest that you record your observations and any concerns you wish to address, as these will be discussed when you attend the Pet Education Program (PEP) Weekend.

Please note: Due to insurance requirements, your companion animal **may not** accompany you on this visit.
